

IT-2000

Flat LCD Touch Screen
Terminal or PC

IT-2000 LCD INTEGRATED TOUCH SCREEN TERMINAL/PC

The exciting new IT-2000 computer is perfect for use as an office desktop, server or a POS terminal. All-in-one design saves counter space and makes for a very clean looking installation. Includes an adjustable 15.1" TFT LCD flat panel screen/computer processor with standard CD-ROM. With its expansion capabilities, connection with peripherals can be maximized. Available with either Celeron or Pentium III processor and a choice of ivory or dark gray cabinet colors and touch or non-touch screens.
